(c) if so, the number of the students who got admission through management quota in medical colleges during the last two years; and

(d) the steps taken by the Government to curb such practices as quality would be compromised by such admission through management quota in medical colleges?

Answer

ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI FAGGAN SINGH KULASTE)
(a): Details are given in the Annexure. The Central Government does not fix the fee. The respective State Governments are responsible for fixation of fees in case of Government medical colleges. However, in the case of private unaided medical colleges, the fee structure is decided by a Committee set up by the respective State Governments under the Chairmanship of a retired High Court Judge in pursuance of the directions of the Hon'ble Supreme Court of India. It is for the Committee to decide whether the fee hike proposed by an Institute is justified and the fee fixed by the Committee is binding on the Institute.
(b) & (c): There is no management quota in Government Medical Colleges. The management quota in private Medical Colleges is decided by the respective State Governments.
(d): Regulations on Graduate Medical Education 1997 have been amended on 10th March, 2017 mandating a common counseling for admission to MBBS course in all Medical Educational Institutions on the basis of merit list of the National Eligibility Entrance Test.
